**Dear Sirs,**

On behalf of the UK National Police Aid Convoys I write to express our gratitude for some of the goods and all of the funding that allowed us to dispatch the latest 40' container of development aid to Zambia.

The container carries thousands of items for remote schools and clinics in Eastern Province as well as specialised equipment for the Cerebral Palsy Outreach clinics.

The container is one of twenty that will be dispatched to Africa and Pakistan in the next twelve months and we are grateful to friends like you who will assist us to continue our work.

With kind regards,

**Yours faithfully,**

**David SCOTT  
Chairman**
